SUPER HINGE

SUPER DUTY HINGE SYSTEM

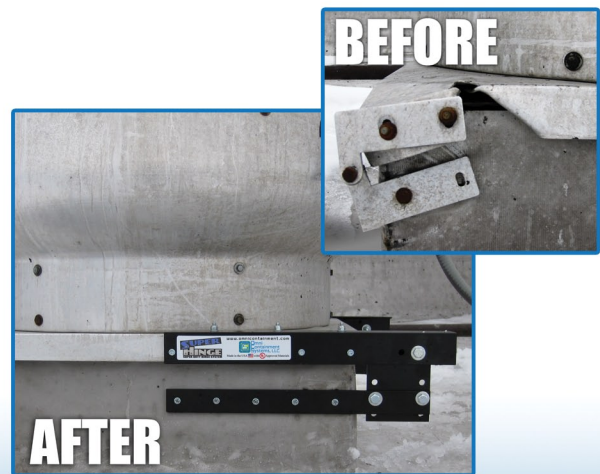

Super Hinge changes the way exhaust fans are hinged for cleaning and maintenance.

The Omni Super Hinge's patented technology allows for ease, convenience, versatility and durability. Helping increase the life of the expensive fan housing by adding support to prone failure areas of the fan base.

Laizer cut heavy gauge powder coated steel components eliminate the repetitive flexing stress that occurs to fan base during use and service. Corrosion proof hardware is provided to ensure that the Super Hinge stays firmly attached to the fan and duct.

Super Hinge is truly a Fans Best Friend!

- Eliminates damage to fan during service and cleaning.
 - Reduces fire risk and roof damage.
 - Simple to install
 - Model for every fan
 - **Life time warranty for service life of fan.**
 - Made in the USA  with  Approved Materials
- Patent Pending.
